## 2-PORT USB WALL CHARGER

### FEATURES:

- With dual USB output, you can charge two devices in the same time.
- Convenient way to charge the battery from an AC outlet.
- The smart chip adjusts the current to the connected device and provides an optimal charging current.
- Includes overvoltage and circuit overload protection for stable and safe operation.
- Compatible with world standard 110 ~ 240V mains voltage, which is valid in more than 90% of the countries in the world.

### PRODUCT SPECIFICATION:

<b>Input voltage</b>	AC 110-240 V 50/60 Hz
<b>Output voltage</b>	DC 5 V
<b>Output current</b>	2.1 A
<b>Number of USB ports</b>	2
<b>Color</b>	White-grey
